Walgreens opened eight stores during May, including one relocation, acquired one and closed 23. Nearly all of the May store closings were part of the company's previously announced efforts to optimize its asset base by closing a total of 76 drugstores during the second half of fiscal 2014.

On May 31, Walgreens operated 8,683 locations in all 50 states, the District of Columbia, Puerto Rico, Guam and the U.S. Virgin Islands. That includes 8,216 drugstores, 120 more than a year ago, including 70 net stores acquired over the last 12 months. The company also operates infusion and respiratory services facilities, specialty pharmacies and mail service facilities. Its Take Care Health Systems subsidiary manages more than 750 in-store convenient care clinics and worksite health and wellness centers.

Please note: Sales numbers and the adjustments shown in the table are preliminary, unaudited and subject to revision. Comparable stores are defined as those drugstore locations open for at least 12 consecutive months without closure for seven or more consecutive days and without a major remodel or a natural disaster in the past 12 months. Acquired operating locations and relocations are not included as comparable stores for the first 12 months after the acquisition or relocation.
